Less than an hour from City to Coral

River to Bay's new high-speed boats allow adventurers to explore the coral wildlife on Moreton Island without long transfer times. The trip from Brisbane to Tangalooma Wrecks takes less than an hour. Located at the pristine and majestic Moreton Island, the iconic Tangalooma Wrecks is a favourite snorkelling spot with sunken ships and a marine wonderland with abundant coral, 200 species of fish, and other sea life. While cruising along the shoreline, passengers can often spot turtles, dolphins, and dugongs.

Passengers who aren't confident swimmers, or wish to enjoy the beauty of the Tangalooma Wrecks without getting wet, can take a No Snorkel ticket & watch their loved ones snorkel from the boat, or wade ashore and watch them from the golden sand.

Just in time for the school holidays, family rates are available for this unforgettable experience.

Inclusions

- High-speed boat ride
- Breathtaking coastal views
- Expert crew looking after you
